

SKIN DISEASES  
SPEAK FOR THE BLOOD

Skin Diseases speak for the blood and tell of the acid-laden, poisonous condition of that vital fluid, and of its effort to throw off and rid the system of the poisons and waste matters that have accumulated in it. Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Boils and diseases of this type are all caused by a weakened and polluted blood circulation, and though they may have lain dormant in the system during the cold weather, at the coming of Spring and Summer, when the blood is reacting and making extra efforts to expel all morbid and poisonous matter, they make their appearance. External remedies cannot cure; they soothe and give temporary relief, but often clog the pores and glands, and the poison causing the trouble is thus shut up in the system to break out afresh later on. S. S. S., a purely vegetable blood remedy, cures all skin diseases by going down into the circulation, driving out all poisons and waste matters, strengthening the blood, leaving the skin soft and smooth, and building up the entire system by its tonic effect. S. S. S. cures Eczema, Psoriasis, Tetter, Boils, and all skin diseases that enter the system through the pores and glands, as well as those that have their origin in the blood. The cannon roar was now continuous. We could feel the quake of it. When we came over a low ridge in the open we could see the smoke of battle in the valley. Flashes of fire and clouds of smoke leaped out of the far thickets to the left of us as cannon roared. Going at double quick, we began loosening blankets and haversacks, tossing them into heaps along the line of march without halting. In half an hour we stood waiting in battalions, the left flank of the enemy in front. We were to charge at a run. Halfway across the valley we were to break into companies and, advancing, spread into platoons and squads and at last into line of skirmishers, lying down for cover between bushes.

"Forward!" was the order, and we were off, cheering as we ran. Oh, it was a grand sight—our colors flying, our whole front moving like a blue wave on a green, immeasurable sea! And it had a voice like that of many waters. Out of the woods ahead of us came a lightning flash. A ring of smoke reeled upward. Then came a deafening crash of thunder, one upon another, and the scream of shells overhead. Something stabbed into our column right beside me. Many went headlong, crying out as they fell. Suddenly the colors seemed to halt and sway like a tree top in the wind. Then down they went, squad and colors, and we spread to pass them. At the order we halted and laid down and fired volley after volley at the gray coats in the edge of the thicket. A bullet struck in the grass ahead of me, throwing a bit of dirt into my eyes. Another brushed my hat off, and I heard a wailing death yell behind me. The colonel rode up, waving a sword.

"Get up an' charge!" he shouted. On we went, cheering loudly, firing as we ran. Bullets went by me, hissing in my ears, and I kept trying to dodge them. We dropped again flat on our faces.

## LOVE DIES.

Mrs. Ella Wheeler Wilcox says there comes a time in the course of married love when "the thrill goes out of the hand-clasp and the kiss at times, and it is then that husband and wife may be susceptible to other magnetic personalities." The reason for this condition of affairs is often the fault of the husband, but how often is it not due to the wife's nervousness and irritability due to some trouble with the organs peculiarly feminine—the wife under such circumstances feels languid and spiritless—she suffers perhaps from headache and sleeplessness.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal honor of the United States, for any case of Leucorrhoea, Female Weakness, Prolapsus, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

A great deal of sickness may be saved by keeping on hand a copy of Dr. Pierce's thousand-page illustrated book, "The Common Sense Medical Adviser." Sent free, paper-bound, for twenty-one one-cent stamps, to pay cost of mailing only; or cloth-bound for thirty-one stamps. Address, World's Dispensary Medical Association, 663 Main Street, Buffalo, N. Y.

Constipation and a bilious attack go hand-in-hand. Dr. Pierce's Pleasant Pellets are a sure and speedy cure for both. Tiny, sugar-coated granules. One little "Pellet" is a gentle laxative and two a mild cathartic. They never gripe. Nothing else is "just as good."

Operative June 1.

Terre Haute, Ind., May 1.—John S. Bays, acting for a New York syndicate, has purchased seven of the best mines in Sullivan county. The consideration is in the neighborhood of \$2,500,000. The syndicate will take over the property June 1. The mines purchased are: Hymera, North Jackson Hill, Sullivan County Coal company, Union Coal company and Keller Coal company mines, owned by Harder & Haefner of Chicago, and the Glendora mine, owned by the W. S. Bogle Coal company of Chicago. The deal includes 10,000 acres of Sullivan county coal lands. The names of the men interested in the syndicate have not been given out, but Indiana operators say that Vanderbilt interests are back of the deal.

## MILLER IMPEACHED

Court Holds Public Prosecutor Un-  
worthy to Hold Office.

Bloomington, Ind., May 1.—Late Saturday afternoon Judge Robinson gave his decision in the impeachment proceedings against Robert G. Miller, prosecutor for this district. Miller was found guilty of having been negligent in the performance of his duty in four specific cases. The judge exonerated the official on the charge of having accepted illegal fees, but held the neglect of the young prosecutor was sufficient to warrant his removal from office.

The decision in the case of Mayor Malott, a similar proceeding, was given at the same time. Malott was found not guilty of the charges against him of misconduct. The judge held it was customary for mayors to take the advice of the prosecuting attorney, and therefore Mayor Malott was not to be held for the mistake he made in dismissing certain cases at the request of Mr. Miller.

Attorney Miers demanded a new trial. This was denied, and Mr. Miers announced his intention of carrying the case to a higher court.

## Will Give Up the Fight.

Anderson, Ind., May 1.—After an idleness of several months it has been officially announced by Manager R. E. Evans of the company's works in Ohio, Indiana and Illinois, that the American Strawboard company has

Convulsion,  
Fits, then  
Epilepsy.

Dr. Miles' Restorative Nerve has been so successful in curing these brain-wrecking diseases that there is every reason to believe that even the most hopeless cases can be benefited, if not fully restored.

We will be pleased to refer any one thus afflicted to many who now enjoy the blessing of health, after years of hopeless suffering.

"I have a son that had brain fever when two years old, followed by fits of the worst type, and he was pronounced incurable. I spent hundreds of dollars for him, without relief. After about fifteen years he became so bad that we sent him to Longford hospital for the insane, at Logansport, Ind. He was there nearly three years, but he continued to grow worse, so we brought him home July 30, 1902, in an awful condition. He had lost his mind almost entirely. He hardly knew one of the family, could not even find his bed; was a total wreck. He had from 5 to 10 fits a day. We were urged to try Dr. Miles' Nerve, and before the first bottle was used, we could see a change for the better. We have given it to him ever since, and he has had but two very light spells since last August, 1903, and then he was not well other ways. We pronounce him cured, as he can work and go anywhere. If any one wishes to ask any questions concerning this, they can do so."

## Big Mine Closed Down.

Princeton, Ind., May 1.—The Princeton coal mine, employing about 250 men, closed down today for a period of sixty or ninety days in order that repairs may be made. The mine has been in bad condition since the fatal explosion in March, and it is thought advisable to give it a general overhauling.

## Robbed for Second Time.

Kirklin, Ind., May 1.—Albert C. Gennung's store was broken into by thieves, who stole fourteen gold watches and a number of rings and chains, the jewelry being valued at about \$300. The same store was robbed only a few weeks ago of watches and jewelry valued at about \$500.

## Will Protect Horses.

Lafayette, Ind., May 1.—Captain Larry Clark, who today became humane officer, will cause the arrest of persons who dock the tails of their horses. He finds authority for so doing in a paragraph of the new code, which prohibits any person mutilating domestic animals in any way.

## Remonstrators Give Up.

Ladoga, Ind., May 1.—The last battle between the remonstrators and the anti-remonstrators resulted in the "anti" winning by from fifteen to twenty majority. It was apparent to the remonstrators that they had lost, so they gave up the fight and did not even file their names.

## Swept to His Death.

North Vernon, Ind., May 1.—Victor Staten, nineteen years old, was drowned here while fishing. He started to wade across the creek, but when he got into the middle of the stream he was swept off his feet by the swift current of the stream, which was swollen by the recent rains.

## Crushed by Falling Derrick.

Marion, Ind., May 1.—George W. Jennings was fatally injured while working for the Southwestern Oil company on the Pully farm four miles east of this city. He was working on a derrick when it fell with him. His head was crushed in a frightful manner.

## The Situation at Laredo.

Laredo, Tex., May 1.—This city is again beginning to assume its customary appearance despite the great havoc wrought by the storm of Friday evening last. Large forces of laborers have been busily engaged in clearing away the debris which filled the streets. While it is estimated that fully a hundred persons were injured, it is not expected that any more deaths will result. The number of dead remains at sixteen in this city as at first sent out, and five lives were lost in New Laredo.

## Japanese Memorial Service.

Tokio, May 1.—With elaborate ceremony beginning Wednesday and ending Friday, the names of 30,866 soldiers and sailors of Japan killed prior to the battle of Mukden will be enshrined in the Spokonsha temple. Many kinsmen and kinswomen of the victims of the war are assembling in Tokio to participate in the ceremony and are being shown special consideration. They will be the special guests of the government. The ceremony is based on the national belief of the immortality of the soul and the homage due to ancestors.

## Will Leave at Once.

Caracas, May 1.—American Minister Herbert W. Bowen has been recalled to Washington and will leave Caracas at once. Mr. Bowen has been summoned to Washington for explanation regarding charges which he has made against Assistant Secretary of State Loomis, who was his predecessor as American minister to Caracas.

## The Cash Was There.

San Francisco, May 1.—In the course of investigating the affairs of Edward J. Smith, the defaulting ex-tax collector of this city, the money in the "joint custody vault" of the treasurer's office has been counted and found correct. The gold was counted in 297 sacks, each containing \$20,000, or a total of \$5,940,000.

## Russians Score a Point.

St. Petersburg, May 1.—General Linevitch in a message to Emperor Nicholas says: "Two Russian forces on the night of April 29 simultaneously attacked the Japanese near the town of Tungshiang, driving them from five consecutive positions and occupying Tungshiang."

## Quiet Easter in Russia.

St. Petersburg, May 1.—Easter Sunday, which is the occasion in Russia for a general interchange of visits both official and personal and of generous hospitality passed off with entire quiet in St. Petersburg, and no disturbance in the provinces have been reported.

## Squadron Again Sighted.

Tsingtau, Shantung Peninsula, China, May 1.—It is reported that the Russian Second Pacific squadron is near the Island of Hainan.

## A BIG FIGHT IS ON

Chicago Strikers and Em-  
ployers' Association Are  
Widely Apart.

## NO PEACE IS IN SIGHT

Efforts in the Direction of Reconcil-  
ing Differences Have Proved  
Entirely Futile.Federation of Labor Will Make an  
Appeal to President Roosevelt  
For Investigation.

Chicago, May 1.—Chicago had on her working clothes Sunday, and to anyone without a knowledge of the fight going on here between capital and labor, an examination of the calendar was necessary to make certain that it was Sunday. From daylight until dark the downtown streets were crowded with heavily laden wagons and trucks, giving the city a week-day appearance that was never witnessed here before on the first day of the week.

Believing that the fight now going on for supremacy between the Employers' Association of Chicago and the union teamsters is to be a protracted one, the business men of the city took advantage of the suspension of regular business Sunday to procure an extra supply of material and supplies. Every available team and even one-horse vehicles were brought into use during the day for the purpose of replenishing coal bins and to obtain other material necessary to the transaction of business. Today being the first of May, which is moving day in Chicago, the furniture van in the residence districts added to the week-day appearance of the city. Fearing that the furniture drivers might become involved in the difficulty, the majority of those who under normal conditions would have sought their new homes today, decided to take no chances and made the change yesterday.

While all these preparations were going on for an emergency, efforts were being made in Mayor Dunne's office at the city hall, to bring about a peaceable adjustment of the teamster's strike. Early in the afternoon a committee representing the Employers' association met a peace commission consisting of Bishop C. P. Anderson of the Episcopal church, Jenkin Lloyd Jones of All Soul's church, Dr. Emil G. Hirsch of Sinai Temple, Miss Jane Addams of Hull House and Dr. Cornelia De Bey of Neighborhood House.

At the end of this conference a committee representing the unions met the citizens' committee and went over the entire strike situation in an effort to devise some means to bring about a peaceable ending of the controversy.

The Chicago federation of labor was also busy considering the strike situation, but no action was taken to spread the strike to the affiliated unions. Believing that the teamsters are justified in the fight they are making the federation passed the following resolution:

"Whereas the employers' association and its allies of this city have declared their deliberate intention to crush out of existence all labor organizations and whereas in pursuance of this policy, said employers' association and its allies are resorting to every means of misrepresentation for the purpose of misleading the public and

"Whereas the said association has determined at least to refuse all overtures for arbitration into the facts causing the present industrial conditions, therefore be it

"Resolved that we request President Roosevelt, Governor Deneen and Mayor Dunne, to investigate the existing conditions in Chicago before complying with any request made for the use of militia, in the city during the present difficulty and be it further

"Resolved that the president of this organization be instructed to appoint a committee to lay the facts before President Roosevelt, Governor Deneen and Mayor Dunne, and take such other steps as may be necessary to give effect to these resolutions."

The conference in Mayor Dunne's office lasted six hours and the peace commission appointed by the mayor Saturday failed utterly in its efforts to bring about a settlement of the strike. The plan for an armistice for forty-eight hours, was rejected by both sides early in the conference as was also an offer later made by the representatives of the labor men, who asked that a committee of five citizens be appointed to arbitrate the matter.

Nine hundred extra policemen were put on duty in the downtown district this morning. Three hundred of these are guarding wagons of the express companies, 150 are being held in reserve at Central station and the remainder have been assigned to guard the wagons of the Employers' Teaming company, the new organization which was formed to take the place of the striking teamsters.

## Trial Nearing an End.

New York, May 1.—Nan Patterson's trial on the charge of shooting Caesar Young, the bookmaker, was resumed today. The trial today enters upon its final stages, and before the week ends it is expected the famous case will have been concluded.

## WORKING WOMEN

Their Hard Struggle Made Easier—Interesting State-  
ments by a Young Lady in Boston  
and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhoea, or perhaps irregularity or suppression of "monthly periods," causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood, or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser of 14 Warrenton Street,  
Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:—  
"I suffered misery for several years with irregular menstruation. My back ached; I had bearing down pains, and frequent headaches; I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health."

Miss Pearl Ackers of 327 North Sum-  
mer Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham:—  
"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month. My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, bearing down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive helpful advice free of cost. Address Mrs. Pinkham, Lynn, Mass.

## He Has the Contracts.

Berlin, May 1.—Charles M. Schwab of New York, who is on his way from St. Petersburg to Luxembourg to visit the iron works and who thence will return home, stopped in Berlin for Sunday. In an interview Mr. Schwab said it was quite true that he had made a contract with the Russian government for warships, but that he considered it would be improper for him to talk about it. Those in the Russian government who knew of the contract, he said, were the ones to make the terms public.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube be restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

# FIFTIETH ANNIVERSARY

SEYMOUR PRESBYTERIAN CHURCH  
WAS ORGANIZED APRIL 29, 1855.

Interesting Services Commemorating the Anniversary.--Addresses by Former Pastors and Special Music.--  
Historical Sketch of the Church.

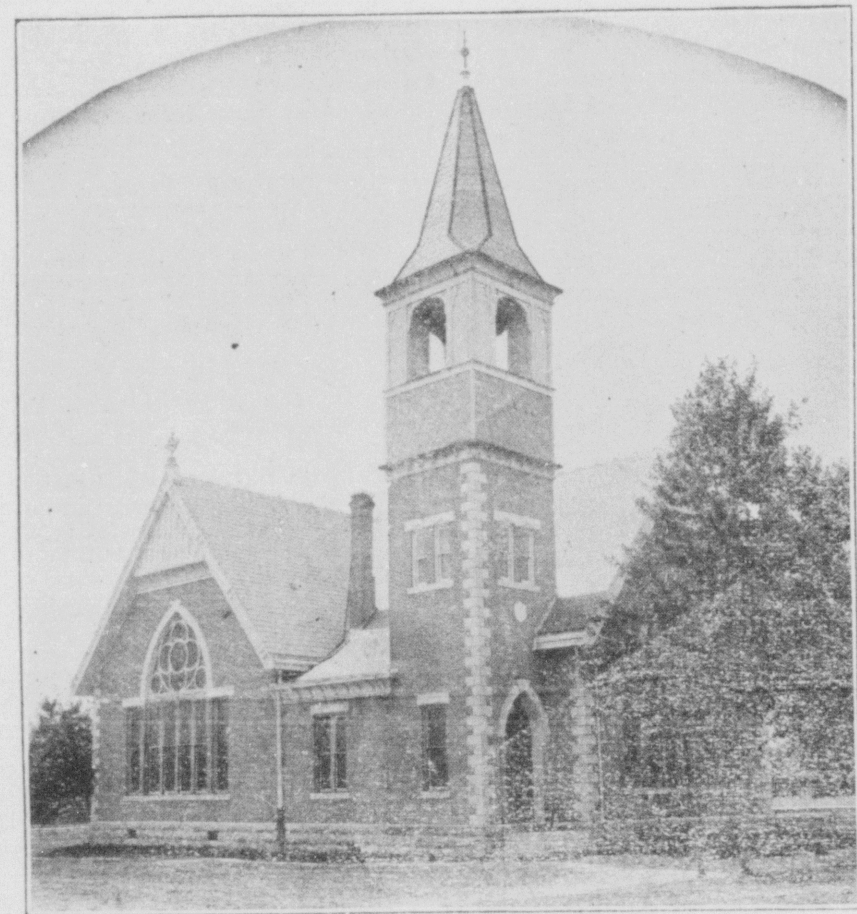

The services in celebration of the fiftieth anniversary of the Presbyterian church were begun on Saturday evening with a most pleasant reception tendered the new pastor, Rev. Dr. G. W. Shields, and family, and to the visiting ministers and former non-resident members of the church. The church was decorated most beautifully. Never before in its history had its gala dress been so splendid and ornate. The golden anniversary was signified in the array of yellow ribbons, which were gracefully looped on the arches, where southern smilax was twined in

ing from such a source his words were most beneficial.

At 7:30 in the evening the church was crowded with those who were anxious to hear what the ministers had to say. Mrs. W. H. Shields in a plain way read the interesting and instructive history of the church.

Rev. C. T. White, the first pastor of the church and the only one of his congregation now living, delivered the first address. An extract from his reading is as follows:

"In June 1855 I left Lane Seminary and began my ministry in Seymour.

FIRST PRESBYTERIAN CHURCH.

beauty and loveliness. Potted plants and cut flowers embellished the pulpit and the dome of palms in the church parlor was most pleasing.

W. P. Masters was in charge of the reception and after some excellent music Judge C. H. Montgomery delivered a welcome address to Dr. Shields and family. He extended him a sincere and hearty welcome to Seymour and expressed the hope and wishes of the citizens that his ministry here would be marked with success and be wonderfully blessed. Dr. Shields responded with fitting words and spoke of his earnest desire for accomplishing much in the coming years and of his gratification over the feelings of good will and affection toward him.

C. D. Billings read the letters which had been received from former pastors and from old church members. The out of town guests who participated in the program were Miss Florine Randall of Shelbyville and Mrs. Jewett Waterman, of Cincinnati. Other numbers were excellently rendered by local talent and the large audience appreciated and were delighted with the program. Refreshments were served.

On Sunday morning Sabbath school was attended by a number of the visitors and as old friends met, the feeling of love and fellowship was infectious and all with one accord joined in the praises of the day and its rare opportunities. One pleasing feature of the school was the gathering of the class which was formerly an integral part of this church auxiliary. Miss Katherine B. Jackson, their former teacher, was with them, all of the scholars being present with one exception.

However, the real celebration began with the morning service at 10:30. The very atmosphere seemed uplifting and as the beautiful music filled the auditorium hearts joined hearts in christian sympathetic love. Rev. C. T. White offered the invocation and Rev. H. P. Cory read the scripture. Prayer was again offered by Rev. Dr. W. O. Goodloe.

Rev. Dr. John F. Baird, of Cincinnati, made the address of the morning and his words of praise and thanksgiving were encouraging to all. As he spoke of the changes which had been brought to bear since his ministry here, all of those who knew him then were lost in reminiscence. His words on the purpose and permanence of the church of God were especially helpful.

At the Christian Endeavor services Rev. Dr. W. O. Goodloe addressed the members. He helped in the organization of that society in this city and his talk was thoroughly appreciated. His co-operation with the young people is most commendable and com-

It was about six weeks after the organization of the Presbyterian church. There was no church building in town and all denominations,--Presbyterian, Methodist, Lutheran, Christian, German, United Brethren and Baptist--used the upper room of a school house, which stood where now is the house of John Lauster. This house burned in 1857 and a brick was soon after erected in its place.

The pulpit was a backless chair and a heavy bench, until a store box of orthodox height was procured and covered with green muslin, adding greatly to convenience and appearance. In December 1855 a melodeon was purchased in Cincinnati. Miss Child, afterward Mrs. White, used this and led the singing in nearly all the meetings. This melodeon was taken to India and in the storms of three oceans, Atlantic, Southern and Indian, it discoursed excellent music and for twelve years it was used in home and church worship.

There was in town but one prayer meeting and one Sunday school, also a Bible Class at 3 p. m., which somewhat resembled our modern Christian Endeavor. All denominations worked together in harmony. The greater part of the time I was the only resident minister and preached also in nearly every school house within six miles, more especially at Chestnut Ridge.

A rail fence extending north went through the middle of the lot, where is now the First National Bank. West of this was a large cornfield and east it was open commons. A tree loaded with large apples grew near the fence. Some wished to spare the tree, but it was in the spot which became the exact center of the church. As the mason prepared lime for the foundation boys gathered the apples and placed them in the dry limo. Water was poured on and they were delighted to find after half an hour their apples well cooked.

The Presbytery of Salem, now New Albany, met in the schoolhouse, April 1856 and revival meetings were held for two weeks thereafter. Thirty-six were added to the church the first year. The work in the new church, the first in Seymour, began September, 1855, but the house was not finished till December 1856. Rev. Levi Booth came immediately on my leaving and remained nine years. The church has great reason to be thankful for a godly ministry and reason to pray that the present pastor may long be present. Before the church was organized Rev. J. M. Bishop, of Bedford, often visited this place.

In reviewing the past we praise God that He at the first raised up Mrs. Eliza P. Shields to be the real mother

of the church. Her daughter, Mrs. Sarah Shields Blish was no less zealous in good work. I remember when she was baptized in the old school house. The greater part of the one thousand who have been members have gone before us and we hope to meet them in a better world. Two from this church are preaching the Gospel and many in other lands are teachers, or taking a lively part in the world's activities. The educational advantages of Seymour have been great and the church privileges have to very many been a stimulus to a noble life."

Dr. Goodloe presented a most excellent address and told of the crowded ministry he spent here. He told of the good feelings which abounded in the congregation at the time and beautifully expressed his love for Seymour and the Presbyterian church, together with the desire to keep in close touch with them till the close of his life.

Rev. H. P. Cory, one of the pioneer members of the church, delivered a fine address, telling of the stimulus the church was to his ministerial life. He told of his work as helper in the old church and the dear days gone by. His boyhood days from 1860 to 1880 were spent here and he afterwards preached for a short time in the church.

Walter M. Wood, who has been prominently identified with the Y. M. C. A. at Chicago for near fifteen years, delivered a pleasing address to his old friends, who were delighted to hear his talk on the church work and its promoters. His hopes for the church in which he received his early christian training were expressed in the desire that it might become a spiritual power house to this community in the coming years.

Prof. Baird, as he is best known, made the concluding address to the members of the church, for which his love was strong. The Presbyterian was the first church in which he preached and very naturally his heart is very much with it. As he spoke of the great inheritance which the church had in the words of encouragement from all the former ministers and members, all felt incited to better, nobler work. He paid a touching tribute to the members who have gone before and were with the church in prayer during the celebrating of its anniversary.

W. L. Gardiner, of Indianapolis, and former organist in the church here played the closing hymns at both services on the old melodeon used so long ago. Both morning and evening services were interspersed with beautiful anthems by the choir. The solos by Mr. Fred Weltsch and Mrs. Ida Sandan were truly enjoyed. Miss Florine Randall, whom all love to hear, sang at both morning and evening services. Music by Mrs. W. P. Masters on the piano and Miss Frieda Aufderheide and Mr. Will Masters on violins made the services of great enjoyment.

As expressed by Dr. Baird, the important day which had been so long anticipated and the realization of which had just been experienced, was one of success and help to all participants. All joined in that impressive hymn, "Blest be the tie that binds" and the successful day was at an end.

Dr. Shields now enters upon his ministry here with prospects bright for a progressive future. During the short time in which he has been here he has made many friends who are sincere in their expressions of hopes for an ensuing happy pastorate.

A condensed history of the church as read on Sunday night by Mrs. W. H. Shields is as follows:

According to the minutes of the session, the Presbyterian church of Seymour, was organized on Sabbath, April 29, 1855, by a committee of the Salem Presbytery, composed of Rev. Henry Little, of Madison and Rev. Charles Hutchinson, of New Albany, who presided at the organization. Seven members were accepted on examination and by letters from the same denomination at Portsmouth, Ohio, and Charlestown, Indiana. Mrs. Eliza P. Shields received the ordinance of baptism and the first sacrament was administered. Before this time there had been religious services conducted by Rev. Henry Little and others in a room kindly offered by Mr. M. W. Shields. A Sabbath school had been organized, together with a bible class of thirty or fifty students.

In July of 1855 five trustees were elected and a subscription of \$1100 for a church edifice having been reached, a plan for the building was selected. The foundation was laid the following September, but the church was not formally dedicated until December 1856, Rev. Little delivering the dedication sermon.

Rev. C. T. White was the first stated supply, serving thirteen months. Rev. L. R. Booth, the first regular pastor occupied the pulpit nine years. Altogether there have been eighteen pastors, including stated supplies, with salaries ranging from \$300 to \$1500 per annum. A number of these came from Lane Seminary, of Ohio, and from Hanover. In 1878 the rotary system was adopted to apply to the Eldership and this system now prevails. Twenty-five Elders and twenty-seven Deacons have honored the church and been faithful in the responsible undertakings. The clerks of the session whose length of office is worthy of note, are F. M. Swope (now deceased) and Louis Eddler, the former having served ten and the latter fifteen years. All honor is due these

and all the officers and consistent laymen who have given their time and substance to the advancement of the church.

Since the organization about one thousand names have been added to the church roll from time to time. Last year there was a net total of two hundred and twenty-six communicants. The polity of the Presbyterian church has ever been commended for its wisdom. The financial record for the last twelve years represents a disbursement of \$20,000 for congregational purposes alone and a total expenditure of about \$100,000 since its organization.

The missionary organization and spirit is one of the commendable features of the church work. The Woman's Home Missionary Society was organized October 37, 1879 at the home of Mrs. F. M. Swope. Mrs. Charles Hutchinson presided and four officers and nine members were enrolled. At first the society was engaged in foreign missions alone, but in March, 1882, at the suggestion of the president, Mrs. Trimble, it was decided to give one fourth of the contributions to the home work. At this meeting Mrs. J. L. Kessler was elected secretary and has served in that capacity to the present time, a period of twenty three years. The membership increased until there were twenty-eight enrolled. In 1897 or 1898 the Society drifted into home work entirely and since that time is known as a Home Missionary Society. At present the society has twenty members, all earnest workers, who last year assumed a scholarship in the Harlan Academy for white girls in Harlan, Kentucky, at a cost of fifty dollars a year. The local work among the needy of Seymour and vicinity has not been neglected and many families have been helped in a substantial way with food and clothing. The Pharos Band composed of young ladies existed about three years and did some excellent work.

The Sabbath school work is an integral part of the Presbyterian system. The enrollment last year including teachers was one hundred forty-three. Connected with this work are the names of Mrs. James I. Gardner, well known in Baptist work, F. M. Swope, Mrs. Belle Elsdale, and the bright little librarian, Morrie Cole, whose loving work has endeared them in the memories of those whom they left for their land of rest. The children are doing good work under the guidance of conscientious and efficient men and women.

The Christian Endeavor, the Light Bearers Mission Band and the Evangel Mission were never better organized and are doing a splendid work. The Ladies Aid Society, an organization of long standing, fluctuating in interest and attendance, has become a well established institution, with an excellent business reputation. The last roll call, recorded September 9th, 1903, represents a membership of thirty-three. In a period of five years ending October, 1904, this society has earned \$1048.27 and at that date, the books of the treasurer show a balance of \$443.04 in favor of the Society.

The closing services in the old church were conducted by Rev. E. C. Trimble, and in a revival of two weeks, about forty were added to a membership of seventy-five. He served eight years and still is with the church in sympathetic remembrances and hopes for its prosperity. It was during his pastorate that the decision to build a new church was reached. A lot was purchased of Dr. S. H. Charlton and the present church erected at a cost of about \$14,000. In the interval between the abandonment of the old and the occupancy of the new church building, a period of six months, the congregation worshipped with the Baptist denomination. Pastors Cole and Trimble preaching alternately. When the new church was dedicated on April 13, 1884 the Baptist preacher, choir and people joined in the services. Rev. Geo. C. Heckman, of Cincinnati, delivered the dedication address. His reference to the church tower as being an index, pointing to God, onward and upward, is still remembered.

At the time of Mr. Goodloe's ministry, about 1838, a great temperance movement was begun in this city and large and enthusiastic meetings were held in a huge tent called the Wigwag, with a seating capacity of one thousand.

A great choir was organized from all churches and rousing speeches were made by the pastors and by temperance speakers. Twelve hundred or more signed the pledge and a fine temperance sentiment was aroused. The Presbyterian church and pastor were deeply interested and took an active part.

Professor J. F. Baird has won a place in the hearts of Presbyterian people in this city which time cannot efface. During his pastorate here he brought about much good with the faithful co-operation of the session. His expressions of appreciation for the help of Seymour citizens and his hope for greater spiritual development both in and out of the church are most encouraging to the workers.

In the five years of Mr. Charlton's pastorate there were one hundred and twenty-two additions to the church. There were also many improvements in the church property in the way of a new furnace, carpet, walls papered and decorated, electric lights and chandeliers, and doors at the entrance of the lecture room.

The Presbyterian church bell was presented to the church and for years was considered the finest in the coun-

ty. After it had been used for twenty years it was about to be sold. A story was written and told with eloquence and poetical fervor, asking that the bell be kept. The question was settled and the bell still calls the people to devotional services.

There have been generous and various gifts to the church, among which are the fine addition to the pastor's study in 1898, given as a memorial to Mrs. Elish by her children, the bequest of Mrs. Harriet Ewing at her death in 1903 of \$500 to be used in the interest of the pastor's salary, and the presentation of the contribution bags, as well as the individual communion service, the donors of the latter being Mr. and Mrs. J. L. Kessler.

Thus from the little organization of seven members to the present semi-centennial day, the growth of the church has been slow but healthy, both in numbers and activity.

Through discouragements and disappointments the church has expanded from a small parish into a church organization of influence and strength.

### Trainmen and Cattle Killed.

Beaumont, Tex., May 1.—A double-header fast freight train on the Santa Fe railroad struck a wash-out near Gilman siding, 125 miles north of Beaumont, Sunday, overturning both engines and piling live stock in the ditch. Engineer D. D. Barfield and Fireman E. W. Broker, both of Beaumont, were killed, and G. W. Mitchell, engineer, and A. J. Connelly, fireman, also of this city, were thought to be fatally injured. Fifty head of cattle were killed.

### Officials Take Charge.

Richmond, Va., May 1.—A joint meeting of the committee of state officials and of the city council appointed to arrange for the obsequies of Gen. ### Attempt At Suicide.

Mrs. Frances Brown, according to a news special from Brownstown, made an attempt at suicide Saturday by jumping in a well. The well is about twelve feet deep with five feet of water in it. Her daughter went to the well after some water and discovered her mother in the water. She was clinging to the wall and her head was still above water. Help was immediately summoned and Mrs. Brown was rescued. She is the mother of John Brown, the young man who killed himself about three weeks ago, and it is said that his death has greatly troubled her. She is 55 years of age.

### CERTAIN RESULTS.

**Many a Seymour Citizen Knows How Sure They Are.**

Nothing uncertain about the work of Doan's Kidney Pills in Seymour. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement:

Samuel Buhner, of St. Louis avenue, tobaccoist, says: "Doan's Kidney Pills cured me of kidney trouble which had caused much annoyance and suffering. I had lameness in my back, especially acute when I brought any strain on the muscles of my loins and there was also a bladder difficulty. Learning of Doan's Kidney Pills, sold by C. W. Milhouse druggist, I procured a box and almost at once obtained positive relief. I had previously tried many other remedies but never found anything to equal Doan's Kidney Pills. I can strongly recommend them to others."

## ODD FELLOWS.

### A Most Pleasant and Successful Meeting Saturday Night.

The eightysixth anniversary of the Odd Fellows was celebrated by the local lodge Saturday night by one of the most interesting meetings the lodge ever held. All four of the degrees were conferred upon three candidates and after the work a lunch was served in the Masonic banquet hall. The Columbus Odd Fellows had been invited to put on the Initiatory and Third Degree and the First and Second Degrees were conferred by the local staff. The Columbus Degree Staff and members of Columbus lodge arrived on a special train at 7 o'clock. Visitors from Elizabethtown, Grammer and Westport numbering about seventy-five came in on the Southern Indiana at six o'clock. In addition to these there were visitors from all of the neighboring lodges and when the meeting was called to order the lodge room was crowded, barely enough space being reserved for the staffs to work in. The Columbus Staff had never worked in Seymour before and their exemplification of the Initiatory and Third Degree was commendable in every part. The ritualistic charges were given by officers thoroughly qualified for the purpose and their delivery showed that much thought had been given to that important part of the work. Their floor work was excellent and brought out much applause from the members present. Seymour Degree Staff conferred the First and Second Degree and their work was in keeping with the reputation that Staff has maintained for many years.

Columbus members, numbering about 150 returned on their special train at 3 o'clock.

Seymour Lodge has often entertained but this occasion is unanimously considered the most pleasant of all.

Miss Clara Greille has resigned her position at the Gold Mine.

Miss Lillian Whicker, of Crothersville, was in the city today.

Walter M. Wood and son left last night for their home at Chicago.

## DIED.

PENNOCK—Asa Pennock, one of the oldest residents of Hamilton township died suddenly Monday morning May 1, at the home of his grand-daughter, Mrs. Claude Tindler, near Cortland. He had been in poor health but was able to be up and about the house. Monday morning he walked out into the yard where he suddenly fell to the ground and died shortly afterward. M. Pennock was about 82 years of age and had a wide circle of friends and acquaintances. He was an uncle of Asa Pennock of this city and numerous other relatives reside in the county. He was one of the pioneers of this county.

## Installation at Sauers.

A number from here went to Sauers yesterday to attend the services of the installation of Wm. B. Kastrop in the Sauers' school. Mr. Kastrop comes from Kankakee, Illinois, to take the place of Rev. Wm. Baumgart, who died last fall. He was formerly a teacher in the schools here and his many friends were glad to welcome him again into the community. The outlook for good work in the schools is very encouraging.

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube be restored to its normal condition, hearing will be destroyed forever; nine cases out of ten, are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c.

# FIFTIETH ANNIVERSARY

## SEYMOUR PRESBYTERIAN CHURCH WAS ORGANIZED APRIL 29, 1855.

### Interesting Services Commemorating the Anniversary.--Addresses by Former Pastors and Special Music.-- Historical Sketch of the Church.

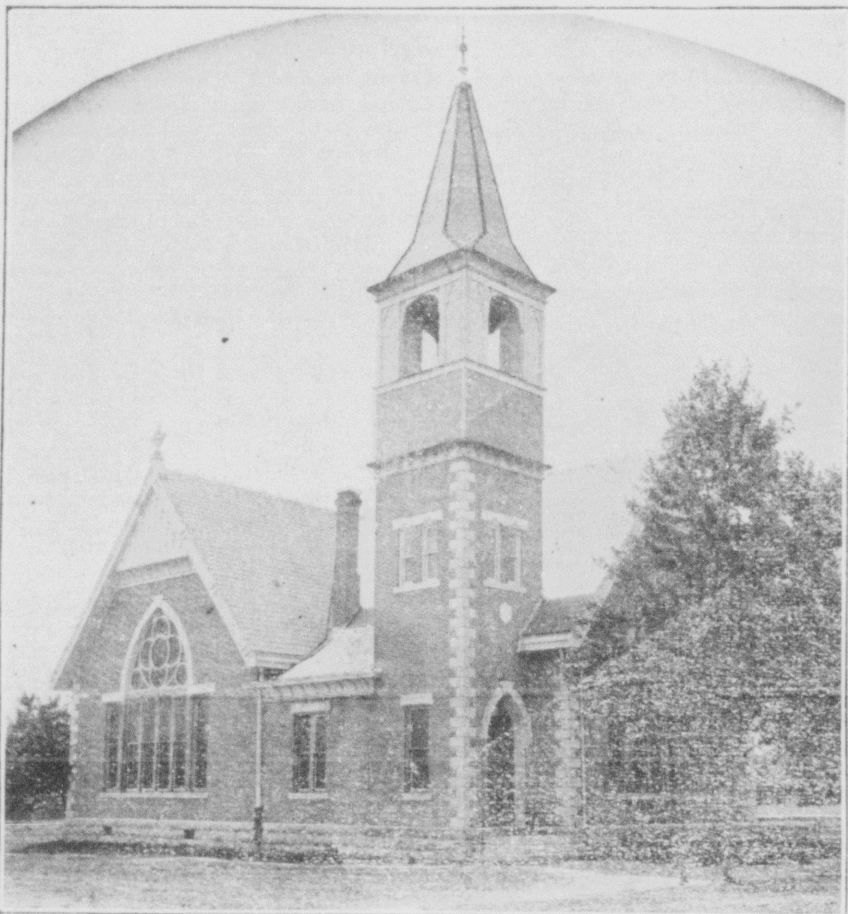

The services in celebration of the fiftieth anniversary of the Presbyterian church were begun on Saturday evening with a most pleasant reception tendered the new pastor, Rev. Dr. G. W. Shields, and family, and to the visiting ministers and former non-resident members of the church. The church was decorated most beautifully. Never before in its history had its gala dress been so splendid and ornate. The golden anniversary was signified in the array of yellow ribbons, which were gracefully looped on the arches, where southern smiles were twined in

ing from such a source his words were most beneficial.

At 7:30 in the evening the church was crowded with those who were anxious to hear what the ministers had to say. Mrs. W. H. Shields in a plain way read the interesting and instructive history of the church.

Rev. C. T. White, the first pastor of the church and the only one of his congregation now living, delivered the first address. An extract from his reading is as follows:

"In June 1855 I left Lane Seminary and began my ministry in Seymour.

FIRST PRESBYTERIAN CHURCH.

beauty and loveliness. Potted plants and cut flowers embellished the pulpit and the dome of palms in the church parlor was most pleasing.

W. P. Masters was in charge of the reception and after some excellent music Judge D. H. Montgomery delivered a welcome address to Dr. Shields and family. He extended him a sincere and hearty welcome to Seymour and expressed the hope and wishes of the citizens that his ministry here would be marked with success and be wonderfully blessed. Dr. Shields responded with fitting words and spoke of his earnest desire for accomplishing much in the coming years and of his gratification over the feelings of good will and affection toward him.

C. D. Billings read the letters which had been received from former pastors and from old church members. The out of town guests who participated in the program were Miss Florine Randall of Shelbyville and Mrs. Jewett Waterman, of Cincinnati. Other numbers were excellently rendered by local talent and the large audience appreciated and were delighted with the program. Refreshments were served.

On Sunday morning Sabbath school was attended by a number of the visitors and as old friends met, the feeling of love and fellowship was infectious and all with one accord joined in the praises of the day and its rare opportunities. One pleasing feature of the school was the gathering of the class which was formerly an integral part of this church auxiliary. Miss Katherine B. Jackson, their former teacher, was with them, all of the scholars being present with one exception.

However, the real celebration began with the morning service at 10:30. The very atmosphere seemed uplifting and as the beautiful music filled the auditorium hearts joined hearts in christian sympathetic love. Rev. C. T. White offered the invocation and Rev. H. P. Cory read the scripture. Prayer was again offered by Rev. Dr. W. O. Goodloe.

Rev. Dr. John F. Baird, of Cincinnati, made the address of the morning and his words of praise and thanksgiving were encouraging to all. As he spoke of the changes which had been brought to bear since his ministry here, all of those who knew him then were lost in reminiscence. His words on the purpose and permanence of the church of God were especially helpful.

At the Christian Endeavor services Rev. Dr. W. O. Goodloe addressed the members. He helped in the organization of that society in this city and his talk was thoroughly appreciated. His co-operation with the young people is most commendable and com-

It was about six weeks after the organization of the Presbyterian church. There was no church building in town and all denominations,—Presbyterian, Methodist, Lutheran, Christian, German, United Brethren and Baptist—used the upper room of a school house, which stood where now is the house of John Lauster. This house burned in 1857 and a brick was soon after erected in its place.

The pulpit was a backless chair and a heavy bench, until a store box of orthodox height was procured and covered with green muslin, adding greatly to convenience and appearance. In December 1855 a melodeon was purchased in Cincinnati. Miss Child, afterward Mrs. White, used this and led the singing in nearly all the meetings. This melodeon was taken to India and in the storms of three oceans, Atlantic, Southern and Indian, it discoursed excellent music and for twelve years it was used in home and church worship.

There was in town but one prayer meeting and one Sunday school, also a Bible Class at 3 p. m., which somewhat resembled our modern Christian Endeavor. All denominations worked together in harmony. The greater part of the time I was the only resident minister and preached also in nearly every school house within six miles, more especially at Chestnut Ridge.

A rail fence extending north went through the middle of the lot, where is now the First National Bank. West of this was a large cornfield and east it was open commons. A tree loaded with large apples grew near the fence. Some wished to spare the tree, but it was in the spot which became the exact center of the church. As the mason prepared lime for the foundation boys gathered the apples and placed them in the dry lime. Water was poured on and they were delighted to find after half an hour their apples well cooked.

The Presbytery of Salem, now New Albany, met in the schoolhouse, April 1856 and revival meetings were held for two weeks thereafter. Thirty-six were added to the church the first year. The work in the new church, the first in Seymour, began September, 1855, but the house was not finished till December 1856. Rev. Levi Booth came immediately on my leaving and remained nine years. The church has great reason to be thankful for a godly ministry and reason to pray that the present pastor may long be present. Before the church was organized Rev. J. M. Bishop, of Bedford, often visited this place.

In reviewing the past we praise God that He at the first raised up Mrs. Eliza P. Shields to be the real mother

of the church. Her daughter, Mrs. Sarah Shields Blish was no less zealous in good work. I remember when she was baptized in the old school house. The greater part of the one thousand who have been members have gone before us and we hope to meet them in a better world. Two from this church are preaching the Gospel and many in other lands are teachers, or taking a lively part in the world's activities. The educational advantages of Seymour have been great and the church privileges have to very many been a stimulus to a noble life."

Dr. Goodloe presented a most excellent address and told of the crowded ministry he spent here. He told of the good feelings which abounded in the congregation at the time and beautifully expressed his love for Seymour and the Presbyterian church, together with the desire to keep in close touch with them till the close of his life.

Rev. H. P. Cory, one of the pioneer members of the church, delivered a fine address, telling of the stimulus the church was to his ministerial life. He told of his work as helper in the old church and the dear days gone by. His boyhood days from 1860 to 1880 were spent here and he afterwards preached for a short time in the church.

Walter M. Wood, who has been prominently identified with the Y. M. C. A. at Chicago for near fifteen years, delivered a pleasing address to his old friends, who were delighted to hear his talk on the church work and its promoters. His hopes for the church in which he received his early christian training were expressed in the desire that it might become a spiritual power house to this community in the coming years.

Prof. Baird, as he is best known, made the concluding address to the members of the church, for which his love was strong. The Presbyterian was the first church in which he preached and very naturally his heart is very much with it. As he spoke of the great inheritance which the church had in the words of encouragement from all the former ministers and members, all felt inclined to better, nobler work. He paid a touching tribute to the members who have gone before and were with the church in prayer during the celebrating of its anniversary.

W. I. Gardner, of Indianapolis, and former organist in the church here played the closing hymns at both services on the old melodeon used so long ago. Both morning and evening services were in perspersed with beautiful anthems by the choir. The solos by Mr. Fred Weltcomb and Mrs. Ida Sandau were truly enjoyed. Miss Florine Randall, whom all love to hear, sang at both morning and evening services. Music by Mrs. W. P. Masters on the piano and Miss Frieda Aufderheide and Mr. Will Masters on violins made the services of great enjoyment.

As expressed by Dr. Baird, the important day which had been so long anticipated and the realization of which had just been experienced, was one of success and help to all participants. All joined in that impressive hymn, "Blest be the tie that binds" and the successful day was at an end.

Dr. Shields now enters upon his ministry here with prospects bright for a progressive future. During the short time in which he has been here he has made many friends who are sincere in their expressions of hopes for an ensuing happy pastorate.

A condensed history of the church as read on Sunday night by Mrs. W. H. Shields is as follows:

According to the minutes of the session, the Presbyterian church of Seymour, was organized on Sabbath, April 29, 1855, by a committee of the Salem Presbytery, composed of Rev. Henry Little, of Madison and Rev. Charles Hutchinson, of New Albany, who presided at the organization. Seven members were accepted on examination and by letters from the same denomination at Portsmouth, Ohio, and Charlestown, Indiana. Mrs. Eliza P. Shields received the ordinance of baptism and the first sacrament was administered. Before this time there had been religious services conducted by Rev. Henry Little and others in a room kindly offered by Mr. M. W. Shields. A Sabbath school had been organized, together with a bible class of thirty or fifty students.

In July of 1855 five trustees were elected and a subscription of \$1100 for a church edifice having been reached, a plan for the building was selected. The foundation was laid the following September, but the church was not formally dedicated until December 1856, Rev. Little delivering the dedication sermon.

Rev. C. T. White was the first stated supply, serving thirteen months. Rev. L. R. Booth, the first regular pastor occupied the pulpit nine years. Altogether there have been eighteen pastors, including stated supplies, with salaries ranging from \$300 to \$1500 per annum. A number of these came from Lane Seminary, of Ohio, and from Hanover. In 1878 the rotary system was adopted to apply to the Eldership and this system now prevails. Twenty five Elders and twenty seven Deacons have honored the church and been faithful in the responsible undertakings. The clerks of the session whose length of office is worthy of note, are F. M. Swope (now deceased) and Louis Eoller, the former having served ten and the latter fifteen years. All honor is due these

and all the officers and consistent laymen who have given their time and substance to the advancement of the church.

Since the organization about one thousand names have been added to the church roll from time to time. Last year there was a net total of two hundred and twenty-six communicants. The policy of the Presbyterian church has ever been commendable for its wisdom. The financial record for the last twelve years represents a disbursement of \$20,000 for congregational purposes alone and a total expenditure of about \$100,000 since its organization.

The missionary organization and spirit is one of the commendable features of the church work. The Woman's Home Missionary Society was organized October 37, 1879 at the home of Mrs. F. M. Swope. Mrs. Charles Hutchinson presided and four officers and nine members were enrolled. At first the society was engaged in foreign missions alone, but in March, 1882, at the suggestion of the president, Mrs. Trimble, it was decided to give one fourth of the contributions to the home work. At this meeting Mrs. J. L. Kessler was elected secretary and has served in that capacity to the present time, a period of twenty three years. The membership increased until there were twenty-eight enrolled. In 1897 or 1898 the Society drifted into home work entirely and since that time is known as a Home Missionary Society. At present the society has twenty members, all earnest workers, who last year assumed a scholarship in the Harlan Academy for white girls in Harlan, Kentucky, at a cost of fifty dollars a year. The local work among the needy of Seymour and vicinity has not been neglected and many families have been helped in a substantial way with food and clothing. The Pharos Band composed of young ladies existed about three years and did some excellent work.

The Sabbath school work is an integral part of the Presbyterian system. The enrollment last year including teachers was one hundred forty-three. Connected with this work are the names of Mrs. James I. Gardner, well known in Baptist work, F. M. Swope, Mrs. Belle Hindsdale, and the bright little librarian, Mortie Cole, whose loving work has endeared them in the memories of those whom they left for their land of rest. The children are doing good work under the guidance of conscientious and efficient men and women.

The Christian Endeavor, the Light Bearers Mission Band and the Evangel Mission were never better organized and are doing a splendid work. The Ladies Aid Society, an organization of long standing, fluctuating in interest and attendance, has become a well established business reputation. The last roll call, recorded September 9th, 1903, represents a membership of thirty-three. In a period of five years ending October, 1904, this society has earned \$1048.27 and at that date, the books of the treasurer show a balance of \$443.04 in favor of the Society.

The closing services in the old church were conducted by Rev. E. C. Trimble, and in a revival of two weeks, about forty were added to a membership of seventy-five. He served eight years and still is with the church in sympathetic remembrances and hopes for its prosperity. It was during his pastorate that the decision to build a new church was reached. A lot was purchased of Dr. S. H. Charlton and the present church erected at a cost of about \$14,000. In the interval between the abandonment of the old and the occupancy of the new church building, a period of six months, the congregation worshipped with the Baptist denomination, Pastors Ogle and Trimble preaching alternately. When the new church was dedicated on April 13, 1884 the Baptist preacher, choir and people joined in the services. Rev. Geo. C. Heckman, of Cincinnati, delivered the dedication address. His reference to the church tower as being an index, pointing to God, onward and upward, is still remembered.

At the time of Mr. Goodloe's ministry, about 1888, a great temperance movement was begun in this city and large and enthusiastic meetings were held in a huge tent called the Wigwag, with a seating capacity of one thousand.

A great choir was organized from all churches and rousing speeches were made by the pastors and by temperance speakers. Twelve hundred or more signed the pledge and a fine temperance sentiment was aroused. The Presbyterian church and pastor were deeply interested and took an active part.

Professor J. F. Baird has won a place in the hearts of Presbyterian people in this city which time cannot efface. During his pastorate here he brought about much good with the faithful co-operation of the session. His expressions of appreciation for the help of Seymour citizens and his hope for greater spiritual development both in and out of the church are most encouraging to the workers.

In the five years of Mr. Charlton's pastorate there were one hundred and twenty two additions to the church. There were also many improvements in the church property in the way of a new furnace, carpet, walls papered and decorated, electric lights and chandeliers, and doors at the entrance of the lecture room.

The Presbyterian church bell was presented to the church and for years was considered the finest in the county.

ty. After it had been used for twenty years it was about to be sold. A story was written and told with eloquence and poetical fervor, asking that the bell be kept. The question was settled and the bell still calls the people to devotional services.

There have been generous and various gifts to the church, among which are the fine addition to the pastor's study in 1898, given as a memorial to Mrs. Blish by her children, the bequest of Mrs. Harriet Ewing at her death in 1903 of \$500 to be used in the interest of the pastor's salary, and the presentation of the contribution bags, as well as the individual communion service, the donors of the latter being Mr. and Mrs. J. L. Kessler.

Thus from the little organization of seven members to the present semi-centennial day, the growth of the church has been slow but healthy, both in numbers and activity.

Through discouragements and disappointments the church has expanded from a small parish into a church organization of influence and strength.

Trainmen and Cattle Killed.  
Beaumont, Tex., May 1.—A double-header fast freight train on the Santa Fe railroad struck a wash-out near Gilman siding, 125 miles north of Beaumont, Sunday, overturning both engines and piling live stock in the ditch. Engineer D. D. Barfield and Fireman E. W. Brooker, both of Beaumont, were killed, and G. W. Mitchell, engineer, and A. J. Connelly, fireman, also of this city, were thought to be fatally injured. Fifty head of cattle were killed.

Officials Take Charge.  
Richmond, Va., May 1.—A joint meeting of the committee of state officials and of the city council appointed to arrange for the obsequies of Gen. Fitzhugh Lee was held Sunday afternoon and a subcommittee was appointed to attend to all arrangements connected with meeting the body at the depot and the funeral which will be Wednesday at such hour as the family may decide on.

## Attempt At Suicide.

Mrs. Frances Brown, according to a news special from Brownstown, made an attempt at suicide Saturday by jumping in a well. The well is about twelve feet deep with five feet of water in it. Her daughter went to the well after some water and discovered her mother in the water. She was clinging to the wall and her head was still above water. Help was immediately summoned and Mrs. Brown was rescued. She is the mother of John Brown, the young man who killed himself about three weeks ago, and it is said that his death has greatly troubled her. She is 55 years of age.

## CERTAIN RESULTS.

Many a Seymour Citizen Knows  
How Sure They Are.

Nothing uncertain about the work of Doan's Kidney Pills in Seymour. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement:

Samuel Buhner, of St. Louis avenue, tobaccoist, says: "Doan's Kidney Pills cured me of kidney trouble which had caused much annoyance and suffering. I had lameness in my back, especially acute when I brought any strain on the muscles of my loins and there was also a bladder difficulty. Learning of Doan's Kidney Pills, sold by C. W. Milhouse druggist, I procured a box and almost at once obtained positive relief. I had previously tried many other remedies but never found anything to equal Doan's Kidney Pills. I can strongly recommend them to others."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York sole agents for the United States. Remember the name Doan's and take no other.

**ODD FELLOWS.**

A Most Pleasant and Successful Meeting Saturday Night.

The eightysixth anniversary of the Odd Fellows was celebrated by the local lodge Saturday night by one of the most interesting meetings the lodge ever held. All four of the degrees were conferred upon three candidates and after the work a lunch was served in the Masonic banquet hall. The Columbus Odd Fellows had been invited to put on the Initiatory and Third Degree and the First and Second Degrees were conferred by the local staff. The Columbus Degree Staff and members of Columbus lodge arrived on a special train at 7 o'clock. Visitors from Elizabethtown, Grammer and Westport numbering about seventy-five came in on the Southern Indiana at six o'clock. In addition to these there were visitors from all of the neighboring lodges and when the meeting was called to order the lodge room was crowded, barely enough space being reserved for the staffs to work in. The Columbus Staff had never worked in Seymour before and their exemplification of the Initiatory and Third Degree was commendable in every part. The ritualistic charges were given by officers thoroughly qualified for the purpose and their delivery showed that much thought had been given to that important part of the work. Their floor work was excellent and brought out much applause from the members present. Seymour Degree Staff conferred the First and Second Degree and their work was in keeping with the reputation that Staff has maintained for many years.

Columbus members, numbering about 150 returned on their special train at 3 o'clock.

Seymour Lodge has often entertained but this occasion is unanimously considered the most pleasant of all.

Miss Clara Greille has resigned her position at the Gold Mine.

Miss Lillian Whicker, of Crothersville, was in the city today.

Walter M. Wood and son left last night for their home at Chicago.

Mrs. Claycamp and daughter, Hazel, were here from today from Brownstown.

Mr. and Mrs. Frank Harbaugh, of Freetown, were in the city today on business.

Theodore Turner left last night for Culver Military Academy after six months' work with the Blish Milling Company.

Wm. Wright returned from Seymour Friday evening. His daughter, Mrs. Cella Campbell, who resides there is sick.—Columbus Times.

Miss Ella Gossett will return this evening to Indianapolis to her work at the Indiana Business University after a pleasant visit with her parents, Mr. and Mrs. A. B. Gossett.

Mrs. John Messenheimer will spend Sunday in Seymour. Mrs. Floyd Anderson, who has been the guest of Mrs. John Messenheimer, went to Seymour last night. Miss Cora Newsum, of Seymour, who has been the guest of her brother, Tom Newsum and family, returned home this morning.—Columbus Republican.

**Resolutions.**

Seymour Lodge No. 648, K. and L. of H. Whereas, Death has entered our midst and removed from among us our sister Bertie Reed, (therefore be it, Resolved, That we extend to the husband and other relatives our heartfelt sympathy in this their hour of bereavement. Resolved, That as a just tribute of respect and sorrow, we crape our charter for thirty days, that these resolutions be spread upon the minutes, also a copy sent to the family of the deceased. SARAH MARSH, MATTIE JENNINGS, ADDIE WISLEY, Committee.

**One of The Best**

Coming to the opera house Tuesday May 2, is one of the best attractions of the season, "The Power of the Cross." Although called a melodrama it is more of a pastoral play. The story is intensely interesting and one that holds the audience throughout the entire performance.

**Meet Tomorrow.**

The W. F. M. Society of the M. E. church, will meet tomorrow afternoon at 2 o'clock, with Mrs. Elmer Sullivan on N. Broadway. The members are specially urged to be present as final arrangements will be made concerning the Christmas box to be sent to Miss Heaton, in Japan.

## After Assault on Fellow Officer Capt. Raiborne Kills Himself.

Salt Lake City, Utah, May 1.—Capt. W. A. Raiborne, Twenty-ninth infantry, U. S. A., committed suicide at Ft. Douglas early Sunday, after making a murderous assault on Lieutenant Wm. H. Point, also of the Twenty-ninth infantry. Point was shot twice by his superior officer, one bullet penetrating his left thigh and another inflicting a deep flesh wound in his right leg. After Lieutenant Point had fallen Capt. Raiborne turned his revolver upon himself, sending a bullet into his head about three inches behind his right ear. He died almost instantly.

Captain Raiborne had been drinking heavily, and the tragedy was an outgrowth of his arrest on Tuesday last on a charge of drunkenness.

**FRIENDLY RELATIONS**

Another Token of French and English Esteem.

Paris, May 1.—The exchange of official visits between King Edward and President Loubet Sunday afternoon was marked with the utmost cordiality, the conversation on each occasion lasting twenty minutes. President Loubet previously had received Foreign Minister Delcasse, to whom King Edward afterward accorded a long audience.

President Loubet's dinner in honor of King Edward at the palace of the Elysee last evening was a brilliant function, entirely non-political in character. There were 120 guests and nearly the entire diplomatic corps were present. No speeches were delivered.

**Actors Honor Jefferson's Memory.**

New York, May 1.—Services in memory of Joe Jefferson under the auspices of the Players' club of which he was the only president besides Edwin Booth, were held Sunday at the Church of the Transfiguration, to which Mr. Jefferson many years ago gave the name of "The Little Church Around the Corner." The service was conducted by the rector, Rev. Dr. George C. Houghton. The service was especially arranged and besides portions of the usual Episcopal service, it was to an unusual extent composed of anthems and hymns. The church was crowded to the doors and probably every prominent member of the theatrical profession who was in the city and able to be present, was there.

**Man's Unreasonableness**

is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republic," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by W. F. Peter Drug Co. Price 50c.

## EVADING THE LAW

How Gamblers Get Around Police Board Supervision.

Indianapolis, May 1.—Governor Hanly's efforts to enforce the anti-saloon and anti-gambling laws has had an unexpected result at Marion, Muncie, Anderson and other cities, where there is a large "liberal" element. Members of the latter have been moving into the little towns where the police boards have no authority. In some of them the saloons and gambling joints are running all day and night and the proprietors are reaping a fine harvest. It is probable, however, if the local authorities do not put a stop to it the governor will instruct the county sheriffs to take summary action on penalty of losing their jobs if they don't. In Anderson and Muncie the efforts to close up the saloons on Sundays has resulted in decisions from police judges appointed by the governor that have given the liberal element great encouragement. At Muncie the police must catch a saloon keeper selling to a man in a room adjoining his place before there can be a conviction. The substance of the Anderson decision is that if a saloon keeper has a crowd of men at his home and says they are his guests, he can't be fined for serving them liquor.

The outcome of the special congressional election in the First district is awaited with more than ordinary interest by the personal followers of Senator Hemenway. The row between John W. Brady of Princeton and George A. Cunningham of Evansville over the nomination to succeed to the senator's old position, gave his faithful friends the cold shivers. They were immediately confronted with a possibility of a loss of the district which would verify the statements made during the senatorial fight that Hemenway was the only Republican who could hold the district in line. Senator Hemenway and his friends are doing all in their power to pour oil on the turbulent waters, but it is not likely that the party will be wholly united at the polls as there remains some soreness among the Cunningham and Brady men. They are trying very hard to roll up a big majority for Judge Foster in order to prove that there was no necessity for Senator Hemenway remaining in the lower legislative body. The odds are in favor of Judge Foster, but Major G. V. Menzies, his opponent, is a powerful campaigner, and is said to have a very large following among the Republicans as well as in his own party. During the next two weeks there will be considerable speech-making by both candidates, and Major Menzies' friends are not without hope that he will be elected.

The program of the local Democrats for the ensuing municipal campaign seems to be pretty well understood. James L. Keach will retire as city chairman in favor of Edward Raub and Mayor Holtzman will be renominated. Keach, however, will continue to be the power behind the throne, and it is probable that Taggart and his lieutenants will not be consulted any oftener about the management of the campaign than they were two years ago. Mayor Holtzman and his advisers are proceeding very carefully and are trying to get strong men on the ticket. The Taggart element of the party has never enthused over Mayor Holtzman and is not regarded now as his friend, but at least it is not in open revolt, as were the anti-Book-walter men two years ago. Book-walter is still the only active candidate on the Republican side, but considerable talk is heard of ex-Judge Lewis Walker, Frank D. Stalnaker and Newton Harding. The mayor's office is more attractive than ever before, as the term is to be for four years and the salary \$4,000 annually, so there may be a larger field of candidates.

The coming of William Jennings Bryan to Indiana is awaited with much interest by Democratic leaders.

**MONEY MISSING**

Big Shortage Discovered in Funds of Athens County, Ohio.

Columbus, O., May 1.—Deputy State Inspector E. Dover reports a shortage of \$71,378.69 in the treasury of Athens county. State Mine Inspector E. E. Biddison, who was former treasurer of the county, is according to the report short \$27,649.93. Ex-Treasurer W. G. Hickman is reported short \$38,989.36. Unclaimed moneys of various county officials make up the remainder of the shortage.

Mr. Dover also says the books of the auditor's and treasurer's offices have been tampered with, but by whom he is unable to say. The Athens county grand jury will meet May 15 to take up the matter.

**Both Will Probably Recover.**

Fort Wayne, Ind., May 1.—Miss Minnie Melching, shot by her lover, John Welker, is improving, although the slightest return to consciousness finds her in a frenzied attempt to save her life, frantically beseeching Welker not to shoot. Narcotics have to be used to quiet her.

Welker, who cut his throat after shooting the young woman, is out of danger and has asked for his sweetheart.

Wilburton, Okla., May 1.—Thirteen miners were entombed and probably killed by an explosion Sunday morning in the Missouri, Kansas & Texas Coal company's mine No. 19, four miles west of here. There is little prospect of their bodies being recovered for several days. The shaft is 350 feet deep.
